CAREER OBJECTIVE

I am an enthusiast in the field of Physics with a keen interest in development, especially mobile app development.

WORK EXPERIENCE

Current FEB 2019	Student Lead at DEVELOPER STUDENT CLUBS <i>NIT Rourkela Chapter, powered by Google Developers</i> Developer Student Clubs (DSC) is a Google Developers powered program for university students to nurture student developers. The clubs are intended as a platform for students to try out new ideas and collaborate with developers to solve real-life problems in the community through technology.
APR 2018-MAR 2019	Technical Coordinator at MONDAY MORNING <i>The official news and media body of NIT Rourkela</i> The technical team of Monday Morning manages the website and app. The role of technical coordinator is to maintain the database and to release new version of the website and app to cater to the changing technology and readers' demands
DECEMBER 2017-PRESENT	Student Member at NIT ROURKELA ALUMNI ASSOCIATION The role of student members is to strengthen the institute alumni relations by regularly keeping in touch with them and to keep the database updated. The team also has a dedicated design group and social media managers.

EDUCATION

JUNE 2021 [Expected]	Integrated Master of Science in PHYSICS AND ASTRONOMY National Institute of Technology, Rourkela CGPA: 8.46/10
JULY 2016	Higher Secondary from CBSE in SCIENCE [Class 12] Kairali School, Ranchi PERCENTAGE: 90.2/100
JUNE 2014	Secondary from ICSE [Class 10] St. Thomas School, Ranchi PERCENTAGE: 96.2/100

EXTRA CURRICULARS

2017-19	Mentor and Tutor at Student Counselling Services I guided the mentees into adjusting into the new campus life at NITR. I also taught the freshmen different subjects to make them understand the topics in easy manner.
JAN 2019	Member of the delegation from NIT Rourkela at NIT Conclave We as a team came up as the second runners-up among 31 NITs and performed under strict deadlines, ever-changing scenarios and close competition.
2018, 2019	Travel and Logistics Manager at Roots I coordinated with all the guest and managed the travel and hospitality of all the guests at this event and made sure the guests had a happy time at NITR.

PROJECTS AND INTERNSHIPS

MAY-JUL 2019	Summer Research Intern Worked as a Research Scholar at Heavy Engineering Corporation Ltd. Ranchi, in the Quantovac Lab to study the spectroscopic properties of ferrous materials.
MAY-JUL 2018	Fabrication of Vibrating Sample Magnetometer Worked under the guidance of Prof. PN Vishwakarma to make a VSM economically using easily available resources to get M-H loop of samples.

COMPUTER SKILLS

Basic Knowledge:	HTML, Excel, C++
